

c. Browse to a desired location for file name:

The image shows a software dialog box titled "Export IFC" with a close button (X) in the top right corner. The dialog contains the following fields and controls:

- File name:** A text input field containing "C:\Revit demo\4263 Cargo 900 L1 Spaces.ifc" and a "Browse ..." button to its right.
- Current selected setup:** A dropdown menu showing "<In-Session Setup>" and a "Modify setup ..." button to its right.
- IFC Version:** A label with no associated input field.
- Projects to export:** A list box containing one item: "4263 SFO Cargo 900 - ARC2018_AR adjusted.rvt", which is checked with a small square icon.
- Bottom bar:** Contains the text "v. 18.4.0.0" on the left, a mouse cursor icon in the center, and "Export" and "Cancel" buttons on the right.
