

# CAD Standard

Version Date: June 2018

# CONTENTS

## Introduction

4

Objective of this Document.....	5
Scope of this Document.....	6
Intended Audience.....	7
Organization of this Document.....	8
Related Documents.....	9
Normative References.....	10
Informative References.....	11
Revision History.....	12
Suggestions to Change this Document .....	13
Software Requirements & Resources .....	14
Objects in CAD Drawings .....	15
Object Types.....	16
Coordinate Systems.....	17
Topology.....	18
Accuracy & Precision.....	23
Object Data.....	24
Object Graphics .....	25
Blocks.....	26
Linetypes .....	27
Lineweights.....	29
Linework .....	30
Text Styles .....	31
Dimensions/Multileaders .....	32
Layers on Which Objects are Placed.....	33
Layer Name Format.....	34
Layers to Use .....	37
Dimensions, Text, and Annotation Layers .....	38
Non-Plot Layers .....	39

Drawing Components.....	40
Model Space .....	41
Paper Space (Layout) .....	42
Color Table.....	43
Sheet Size & Scale.....	44
Sheet Border and Title Block.....	45
Logo.....	46
Key Map and North Arrow.....	47
Contract Information.....	48
Scale Bar .....	49
Copyright .....	50
Metadata Elements.....	51
Sheet Number.....	52
Review Status .....	53
Dates.....	54
Sensitive Security Information Label.....	55
Revisions.....	56
Electronic File Naming .....	58
Externally Referenced Files.....	59
Drawing Set Assembly .....	60
Cover Sheet.....	61
Ordering of Drawing Sheets.....	63
Drawing Delivery .....	64
Quality Assurance.....	64
Plotted Drawings .....	65
Electronic Delivery .....	66
Glossary.....	67
Appendix A: Change Request Form .....	68
Appendix B: Contact Information.....	70
Appendix C: Data Request and Release .....	71
Appendix D: Title Block Layers .....	79

Appendix E: Acceptable Layer Names.....	81
Appendix F: Special Layer Naming Considerations.....	121
Survey Layers.....	121
Utility Layers.....	121
Space Boundary Layers.....	122
